

## The Bentley Tomorrow<sup>25</sup>

**They built companies,  
charities, houses and rocketships.  
Imagine what they'll do after high school.**

Bentley College salutes the next generation of leaders: 25 high school juniors whose energy, creativity and commitment have earned them recognition in their schools and in their communities. They've helped establish medical clinics, led anti-poverty programs in Niger, organized for international disaster relief, played piano in benefit concerts, built affordable housing and run for the school board. The only thing they haven't done yet is graduate from high school. Join us in celebrating these outstanding young leaders and their accomplishments.
