The Tomorrow25 - Bentley celebrates leaders of tomorrow.

We're proud to celebrate the next generation of leaders - 25 high school juniors whose energy, creativity and commitment have earned them recognition in their schools and in their communities. These students are already making an impact in the real world of people, businesses and organizations. They have impressed us with their outstanding achievements as well as their character and integrity. Simply put, the world needs more leaders like these. To learn more about the Tomorrow25, visit: www.bentley.edu/tomorrow25.
