Bentley College salutes the next generation of leaders: 25 high school juniors from around the world whose energy, creativity and commitment have earned them recognition in their schools, communities and beyond. They've battled AIDS in Africa, volunteered in cancer wards, campaigned against tobacco and brought relief to tsunami victims. They've been entrepreneurs, humanitarians, ambassadors and political cartoonists. Join us in honoring these outstanding young leaders, their accomplishments and the ideals they embody—ideals we celebrate at Bentley every day. To learn more about the Tomorrow25, we invite you to visit us at Bentley.edu/tomorrow25.
